### Share Your Family Story

Stories of real families and communities impacted by home health hazards including lead poisoning, asbestos, radon, and other causes of injury and illness are critical in the effort to promote healthy housing and eliminate lead poisoning.

The National Center for Healthy Housing, the National Safe and Healthy Housing Coalition, and Find Fix Fund's Lead Elimination Action Drive have an ambitious goal to collect stories from all fifty states, including twenty states and districts of particular importance in critical leadership positions. Help us win the battle to promote healthy housing, eliminate lead poisoning, and reduce illness and injury due to home health hazards to historic levels!

### Share Your Practitioner Story

Stories of real families and communities impacted by home health hazards including lead poisoning, asthma triggers, and other causes of injury and illness are critical in the effort to promote healthy housing and eliminate lead poisoning.

The National Center for Healthy Housing, the National Safe and Healthy Housing Coalition, and Find It, Fix It, Fund It: A Lead Elimination Action Drive have an ambitious goal to collect stories from all fifty states, including twenty states and districts of policymakers in critical leadership positions. Help us win the battle to promote healthy housing, eliminate lead poisoning, and reduce illness and injury due to home health hazards to historic lows!
